### Foreword

We, the members of the Beta Club Staff, are happy to present a yearbook which will prolong our cherished memories that have been collected from New Hope School.

We want this book to remind us of every activity in which we participated. We want to always have in mind a vivid picture of our friends, classmates, and teachers.

In completing our task, we realize that surely mistakes will be found; for these we ask your gratification and sympathy. If, however, you like our book, we will accept any honor or praise you will present us.

## CLASS HISTORY

In September of 1950, we the class of 1954, made our first appearance in high school. Our dreams had come true. For eight years we had looked forward to the time that we would be in high school.

We are still grateful to our primary and grammar grade teachers. We realize the great responsibility they had to teach us to read and write and find our way around school.

We were a class of seventy-two when we graduated from the eighth grade. However, we lost some students and at the end of our Freshman year there were only sixty-two.

Mr. W. H. Davis and Mrs. D. W. Kneeshaw were our Freshman home room teachers. We elected our class officers and got to work. McGee Creech was elected president and before we knew it the year was gone and we were Sophomores. Our activities were a bit numerous that year. However, again we lost several students and we were now a group of fifty-eight.

In the fall of '52 our Junior class was a jolly group of forty-one. This year Mrs. L. M. Hart and Mrs. D. W. Kneeshaw were our home room teachers.

We had numerous important activities during our Junior year. Among them was ordering the class rings. The event almost everyone looked forward to was the Junior-Senior Banquet. The banquet was held at the school cafeteria on April 23. Everything was grand, and those who attended will long remember this festivity.

Our final year began in September, 1953, with Mrs. H. W. Allen as our home room teacher. McGee Creech was elected president and we dignified Seniors began working on the many hard tasks that were before us.

The outstanding ventures of our Senior year were the presentation of a class play and minstrel show, a five day trip to Washington, D.C., and preparation for graduation.

We will ever be grateful for the opportunity of attending New Hope School and for the guidance and encouragement of our parents and teachers.

When we receive our diplomas, the history of our class as a group will end, and each member will write his own history by his future deeds.

# SENIOR CLASS PROPHECY

While sitting in class a few days ago I became very sleepy and while taking my short nap I began to have strange visions. The date seemed to be 1970 and the people I saw were none other than the members of the class of 1954. I will tell you about the visions I saw.

The first vision I beheld was that of Jean Matthews, now married to her old high school sweetheart. She was at her home in Adamsville, caring for her two sets of twins, and working part-time as a nurse at the Wayne Convalescent Home.

Lo and behold what should I see in my next vision but Royce Smith. He was owner and manager of his father's business, and also pastoring Daniel's Memorial Methodist Church. Then I saw Shirley Walker go into Royce's store to buy her week's supply of groceries. It seemed as if she and her husband had built a large brick house and settled down with their family of five children in Adamsville.

George Butts had finally succeeded in becoming governor of North Carolina. In my vision I saw him riding down the road in his big black Cadillac. He is not so eager to race on his Cadillac as he was on his daddy's little Ford in high school days.

Beulah Thomas and Lois Anderson were working as high-stepping chorus girls in a local nightclub. Maybe that is why Billy Sutton decided to become the proprietor of this night club. Business was booming and he was about the richest man in town.

Frances Thomas and Lillie Rose Benton were in New York trying out their talents. They were both interior decorators and were very famous.

Rex Smith was still the playboy around town, and the girls were still swarming - whether over him or the swanky convertible he strutted around in - no one knew.

It seems as if Mc Gee Creech and his wife, the former Miss Leatrice Smith were living in Snow Hill. While Mc Gee was busy pastoring Bethel Methodist Church, Leatrice was home caring for the five little Creeches.

Ralph Kennedy was taking life easy as president of A. C. College. He even had his feet propped upon his desk while giving dictation to his secretary, Ann Smith. Ann was living in Wilson and her husband was teaching at Charles L. Coon High School.

Jimmy Teachey was manager of the Western Auto Store in Goldsboro. He could hardly keep enough parts for the Hot Rods the boys were driving around. He complained that he couldn't sell them any speedometers.

George Newcomb had finally achieved his ambition. He was working in Stanley's Funeral Home rolling dead peoples eyes for dice.

Then I saw a doctor. It was none other than Cooper Hinson. He had just astonished the scientific world by announcing that he had found a sure cure for broken hearts. Maybe that is why all his patients were ex-girl friends.

Then I saw a man inside a boxing ring. I recognized the man and it was none other than Cecil Boyette. He was just proclaimed as the heavy-weight champion of the world.

Billy Wood was still managing to be a bachelor. How can he help it when all the girls were still chasing after him? In my vision he was headed towards Seven Springs.

James E. had all the girls swooning over his new record hit. He was making a world tour and had just signed a contract to begin a new T. V. show when he returned from his tour.

Annette Lancaster was teaching the third Grade at Walnut Street School in Goldsboro. She and her husband were living in their new home in Pikeville.

Billy Smith was an executive at the DuPont plant in Kinston.

Jo Ann Gurley was an airline hostess for T. W. A. She always did like the wide open spaces.

Reynolds was staying in Washington, D. C. He had such a good time when the Senior class went there that he decided to return. He was a special agent for the F. B. I.

James Daly was on the Goldsboro Police Force. When I saw him he was standing at the corner of Walnut and Slocumb Street directing traffic so the school children could cross the street.

In my next vision I saw a jet airplane streaking across the sky. Sitting in the cockpit was none other than Dan Smith. He was testing the jet for the Air Force.

Joann Howell was a receptionist in Dr. Benton's office.

Nellie Lane was a telephone operator at the Southern Bell Telephone Co. in Goldsboro.

Linwood Lewis was taking up tickets for the merry-go-round at Virginia Beach.

Dot Smith was leader for the Brownie Troup at Adamsville. She had on her uniform and looked more like a Brownie herself than a leader.

Larry Whaley had just opened up a newspaper office. The name of his paper was the Adamsville Tribune.

Mollie Moye was teaching the fifth grade at Rosewood School and she and her husband were making their home in the Rosewood community.

And I, Janet Rhodes am planning for my second wedding in June. I am also writing a column in the News Argus. The name of my column is "Advice for Broken Hearts."

Mr. Joyner,  
I have enjoyed being  
in your class this year.  
May the best of luck always  
be yours.

Sue Brock

Mr. Joyner:

I am hoping you the most  
happiness and success for-  
ever because you  
certainly deserve it after  
a year of trying to  
put some geometry  
through my  
thick head.

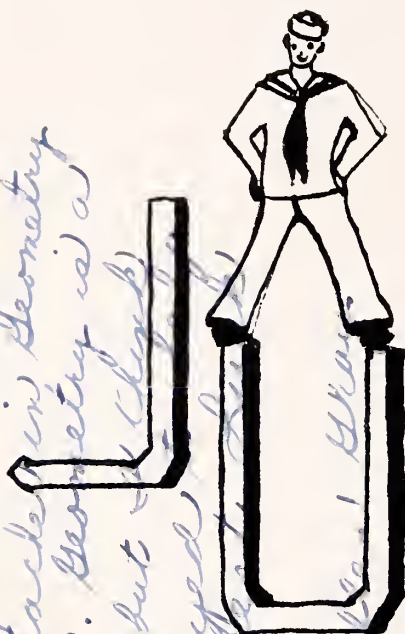

B. W. Gray

Mr. Joyner,

I have enjoyed having  
you for my teacher in Geometry  
and Algebra. Geometry is a  
little hard, but I think  
you have helped me  
in the past. I hope to  
do well in the future.

Mr. Joyner,  
It has been a pleasure  
having you as my teacher  
these past two years. It has  
been a struggle trying to get  
through Geometry but with your  
help, I think I will make it.  
I'm wishing you and Edna the  
best of everything in life because  
you sure deserve it.

Yours,  
Alfred G.

have Biology) for these past  
years. May the best  
of luck always follow you  
and Mrs. Joyner. I will  
probably be in your math  
class next year.

Mr. Joyner,  
I have ("enjoyed")  
being in your math  
class this year.  
May good luck and  
happiness follow you  
through out the

#### BASEBALL

Left to right, first row: Ralph Overman, Cecil Boyette, McGee Creech, Bobby Gray, Billy Boyette. Second row: Billy Sutton, Ralph Kennedy, Rex Smith, George Rose Vinson, and Mr. Allen Bucklew, coach.

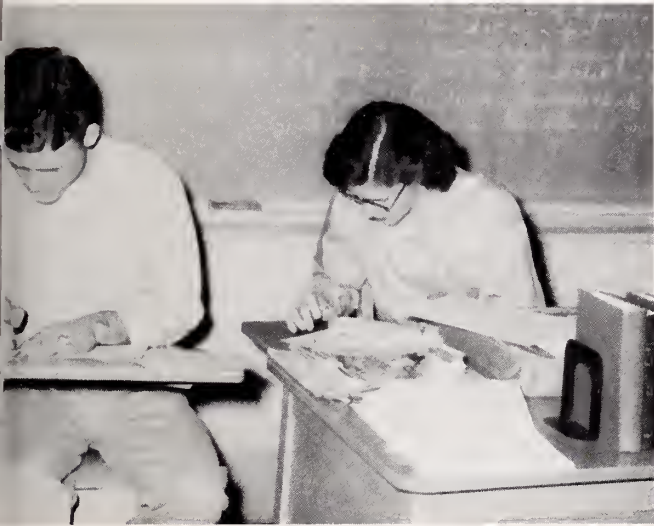

Mr. Gagner,  
 the boys are  
 that I just taught  
 me. They are all  
 good and you will  
 have good friends. They  
 had just followed up with you  
 and never catch up with you

Mr. Gagner,  
 It has been a  
 pleasure being in  
 your class this year.  
 You are a very  
 nice, sweet, and  
 intelligent math  
 teacher. I want  
 to wish all  
 the happiness  
 and success  
 in the world  
 to you and  
 Mrs. Gagner.  
 Best wishes,  
 Bobbie  
 Coker

Mr. Gagner,  
 I have enjoyed being in your  
 class. But I think you are the best of  
 the rest, and I have  
 known many good but I have never  
 have had lots of fun in your classes.  
 With Love  
 Linda Jenkins

Mr. Gygner,

You'll never know how much  
I've enjoyed being in your Math  
classes. I hope you teach the junk  
next year, cause I plan to take  
Geometry and Algebra and I rather  
you teach me than anyone else  
I know.

A Dumb Student!
